防溺水设备

Anti-Drowning Equipment

世界泳联、非洲泳联官方供应商

Official Supplier to World Aquatics & African Aquatics Confederation

为全球提供防溺水安全装备、水域应急救援、运营安全保障于一体的全场景解决方案
Provide global customers with all-scenario integrated solutions integrating anti-drowning safety equipment, water emergency rescue, and operational safety assurance.

About Us

迎晖体育是一家专注于防溺水智能装备与水域安全解决方案的创新型企业。作为世界泳联与非洲泳联的官方供应商，我们为全球客户提供集防溺水安全装备、水域应急救援系统、运营安全保障于一体的全场景解决方案。

我们的产品体系覆盖智能救生圈、飞行救援艇、飞行救生圈、EDD 应急救援装备等全系列防溺水设备，服务于学校教育机构、文旅休闲场所、水上作业单位及各类公共水域安全项目。

凭借专业的工程技术实力与全球化视野，迎晖体育始终致力于让水上活动更安全、让防溺水更普及，将中国创新带到全球水上运动与防溺水事业中。

Yinghui Sports is an innovative enterprise specializing in anti-drowning smart equipment and water safety solutions. As an Official Supplier of World Aquatics and the African Aquatics Confederation, we provide global customers with all-scenario integrated solutions integrating anti-drowning safety equipment, water emergency rescue systems, and operational safety assurance.

Our product portfolio includes a full range of anti-drowning equipment such as intelligent lifebuoys, flying rescue boats, flying lifebuoys, and EDD emergency rescue devices, serving educational institutions, cultural and tourism venues, water operation units, and various public water safety projects worldwide.

With professional engineering expertise and a global vision, Yinghui Sports is dedicated to making water activities safer and anti-drowning solutions more accessible, bringing Chinese innovation to the world of aquatics and drowning prevention.

防溺水设备系列 Anti-Drowning Equipment Series

防溺水设备系列，为各类水域场景提供标准化、一体化的防溺水安全解决方案，适配泳池、景区河道、户外水域、车载出行、校园教学等多场景防溺水需求，打造快速响应、高效救援、智能预警的全水域安全防护体系。

Anti-Drowning Equipment Series provide standardized and integrated anti-drowning safety solutions for various water scenarios, meeting the diverse needs of swimming pools, scenic rivers, open waters, vehicle travel, campus education and more, creating a full-water safety protection system with rapid response, efficient rescue and intelligent early warning.

Intelligent Anti-Drowning Swimming Cap

智能防溺水泳帽

实时生命体征守护者
-Real-Time Vital Signs Guardian-

双重监测
Dual Monitoring

实时追踪心率、血氧饱和度，异常数据秒级响应
· Tracks heart rate and blood oxygensaturation in real time.
· Delivers second-level responses to abnormal data.

主动预防
Proactive Prevention

深度算法解析数据，识别溺水风险，提前预警播报、APP双重预警
· Analyzes data through advanced algorithms to identify drowning risks.
· Provides early warning notifications via both on-device alerts and the supporting APP.

深度防水
Deep Waterproof Performance

IP68级防水，长时间续航，泳池/大海/温泉全场景适用
Boasts an IP68 waterproof rating and long battery life. Suitable for all scenarios including swimming pools, open seas, and hot springs.

✓ 孩子独自游泳时
When children swim alone

✓ 成人夜泳训练时
When adults train for night swimming

✓ 公开水域竞速时
When racing in open waters

✓ 潜水新手练习时
When novice divers practice

——“全天候守护，让每一次入水都安心”
"All-weather protection, making every dive reassuring"

Anti-Drowning Life Jacket 防溺水救生衣

-贴身水域安全捍卫者-
Close-Fitting Guardian of Water Safety

3秒极速响应 3-Second Ultra-Fast Response

“手动+自动”双保险，比喊“救命”更快充气响应
Equipped with "manual + automatic" dual insurance. It inflates faster than shouting "help" for a quicker response.

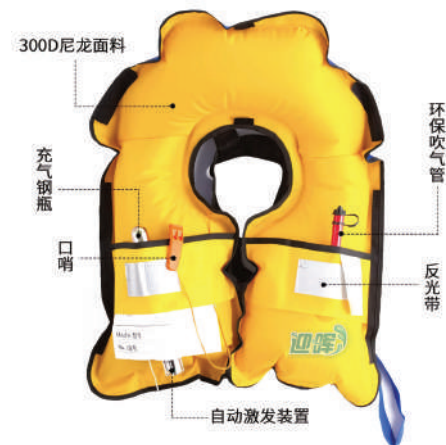

硬核托浮力 Heavy-Duty Buoyancy

穿着便捷、大小可调节、浮力大于150N，体积小质量轻
· Easy to wear and adjustable in size.
· Buoyancy exceeds 150N.
· Compact and lightweight.

全场景耐用 All-Scenario Applicable

采用防刮牛津布+PU涂层面料，耐盐碱充气阀，全场景适配，可重复充气使用
· Made of scratch-resistant Oxford cloth + PU-coated fabric.
· Features a salt-alkali resistant inflation valve.
· Suitable for all scenarios and reusable after re-inflation.

Anti-Drowning Life-Saving Wristband 防溺水救生手环

-即时救援随身守护者-
An Instant Rescue Portable Guardian

穿戴便捷透气 Convenient and Breathable to Wear

护翼设计，贴合肩膀，透气面料，运动汗水可以顺着气孔排出
· Features a winged design that fits snugly against the shoulders.
· Made of breathable fabric, allowing sweat to escape through air vents during physical activity.

隐形浮力 Invisible Buoyancy

2秒即可对气囊充气，采用轻质高浮力TPU复合布料，可承受120kg体重成年人
· Inflates the airbag in just 2 seconds.
· Crafted from lightweight, high-buoyancy TPU composite fabric, capable of supporting adults weighing up to 120kg.

适合多种场景 Suitable for Multiple Scenarios

溺水自救辅助工具，适合游泳/潜水/冲浪/划艇/垂钓等环境
Serves as an auxiliary tool for self-rescue during drowning incidents. Ideal for environments such as swimming, diving, surfing, kayaking, and fishing.

- ✓ 亲子泳池互动时
When interacting in the parent-child pool
- ✓ 单人水域探险时
When exploring waters alone
- ✓ 老人临水漫步时
When the elderly stroll near water
- ✓ 团队水上拓展时
When conducting team water development activities

——“随时保驾护航，让每一次靠近水域都安心”
"Always on Guard, Making Every Approach to Water More Assuring"

- ✓ 孩子独自游泳时
When children swim alone
- ✓ 成人夜泳训练时
When adults train for night swimming
- ✓ 公开水域竞速时
When racing in open waters
- ✓ 潜水新手练习时
When novice divers practice

——“全天候守护，让每一次入水都安心”
"All-weather protection, making every dive reassuring"

Flying Rescue Boat 飞行救援艇

-水上快速应急救援装备，空中飞抵 + 水面航行拉拽回岸-
Fast water emergency rescue equipment,
airborne arrival + water sailing to pull back to shore

-  **空水两栖，快速抵达**
Amphibious in air and water,
fast arrival
-  **可直接拉拽落水者返航**
Capable of directly pulling the
drowning person back
-  **悬停精准，抗风稳定**
Precise hovering, stable wind
resistance

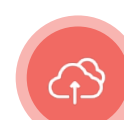

产品性能 Product Performance

- 最大飞行速度：12m/s
- 最大航行速度：3.7m/s
- 最大牵引速度：1.7m/s
- 续航：空中 ≥ 8min
- 重量：≤ 16kg
- 作业距离：≥ 1000m
- 防护等级：IP67
- Max flying speed: 12m/s
- Max sailing speed: 3.7m/s
- Max traction speed: 1.7m/s
- Flight time: ≥ 8min
- Weight: ≤ 16kg
- Working distance: ≥ 1000m
- Protection class: IP67

Flying Lifebuoy 飞行救生圈

-一键飞抵落水点，提供即时浮力-
One-click flight to the drowning site, providing instant buoyancy

-  **一键起飞，水面二次起降**
One-click takeoff, secondary
takeoff and landing on water
-  **高速精准，自主返航**
High speed & precision,
autonomous return
-  **轻便便携，即飞即救**
Lightweight & portable, ready
to fly and rescue

产品性能 Product Performance

- 最大飞行速度：14m/s
- 飞行时间：10min
- 重量：4.5kg
- 作业距离：1km
- 认证：中国船级社认证
- Max speed: 14m/s
- Flight time: 10min
- Weight: 4.5kg
- Working distance: 1km
- Certification: CCS certified

-  **水上应急救援**
Water emergency rescue
-  **水上活动保障**
Water activity support

-  **城市内涝救援**
Urban waterlogging rescue
-  **江河防洪抗涝**
Flood control of rivers and lakes

-  **水上应急救援**
Water emergency rescue
-  **水上活动保障**
Water activity support

-  **城市内涝救援**
Urban waterlogging rescue
-  **江河防洪抗涝**
Flood control of rivers and lakes

Anti-Drowning Intelligent Life Raft

防溺水智能救生筏

-适配复杂水域的单人溺水救援智能装备，支持无人机巡航联动，可快速遥控施救-
Intelligent equipment for single-person drowning rescue in complex waters, supporting UAV cruise linkage and fast remote-controlled rescue

极速响应：GPS + 北斗定位互联，30 秒施救，200kg 大浮力

Rapid response: GPS+Beidou positioning linkage, rescue in 30 seconds, 200kg large buoyancy

一键返航：自动返航模式，快速带溺水者上岸

One-click return: Automatic return mode, quickly carry the drowning person back to shore

超远遥控：800~1500m 遥控距离，适配大范围水域

Ultra-long control: 800~1500m remote range, suitable for large-scale waters

高效动力：双 1.2kW 电机，6m/s 空载航速，续航 45 分钟

Efficient power: Dual 1.2kW motors, 6m/s no-load speed, 45-minute endurance

✓ 复杂水域单人溺水救援

Single-person drowning rescue in complex waters

✓ 水上应急救援

Water emergency rescue

✓ 防汛抢险

Flood control

✓ 景区水域安全

Water safety in scenic areas

Anti-Drowning Equipment

AIS 定位救生衣灯

-为水上人员提供定位追踪与夜间搜救信号-
Providing location tracking and night search signals for water personnel

AIS+GPS 定位：向 AIS 船舶 / 基站发送位置报文，实现快速定位追踪

AIS+GPS positioning: Sends location messages to AIS vessels and base stations for fast tracking

落水自动激活：入水 10 秒内自动开启，无需手动操作

Automatic activation: Turns on within 10 seconds of water entry, no manual operation needed

声光报警救援：≥0.75cd 高亮 LED + 蜂鸣，夜间搜救清晰可辨，发光时长 ≥8 小时

Audio-visual rescue: ≥0.75cd high-brightness LED + buzzer, clearly visible for night search, ≥8 hours of continuous light.

Personal water safety equipment

EDD Emergency Drowning Rescue Equipment

EDD紧急溺水救援装备

-车载便携应急救援装备，2秒自动充气，集自救、他救、破窗逃生于一体-
Vehicle-mounted portable emergency rescue equipment, 2-second automatic inflation, integrating self-rescue, rescue for others and window-breaking escape

极速充气：落水2秒自动成型，无需手动操作

Rapid inflation: Automatically forms in 2 seconds when falling into water, no manual operation required

超大浮力：≥175kg浮力，支持双人救援

Super buoyancy: ≥175kg buoyancy, supports double rescue

多功能一体：救援+破窗，一车多用

All-in-one multifunction: Rescue + window breaking, multi-purpose for one vehicle

便携可循环：500g轻便，气瓶可更换重复使用

Portable & recyclable: 500g lightweight, replaceable gas cylinder for repeated use

✓ 车载常备
Vehicle standby

✓ 海边游玩
Beach activities

✓ 户外垂钓
Outdoor fishing

✓ 水上作业

VR Drowning Prevention Smart Teaching System

VR防溺水智教系统

1:1模拟真实水域危机，带你掌握求生技能
- 1:1 Simulate Real Water Crises and Help You Master Survival Skills-

**沉浸式剧情关卡
Immersive Plot Levels**

3D模拟真实场景，学生可身临其境感受溺水危险
3D simulation of real scenes allows students to experience drowning hazards in a realistic, immersive way.

**数据验证优势
Data Verification Advantages**

知识留存率 and 行为正确率大幅提高养成正确自救互救习惯
Significant improvements in knowledge retention rate and correct behavior rate, helping students develop proper self-rescue and mutual rescue habits.

**动手比死记硬背有效
Hands-On Practice is More Effective Than Rote**

安全标识匹配、防溺水知识问答
Including safety sign matching and anti-drowning knowledge Q&A.

**模拟呼救与救援实操
Simulated Calling for Help and Practical Rescue Operations**

体验溺水呼救，模拟救援工具使用
Experience calling for help during drowning situations and practice using rescue tools through simulation.

**云端成绩排名
Cloud-Based Performance Ranking**

云端竞技激发学习动力，查看区域内学习情况
Competition stimulates learning motivation, and it enables viewing of anti-drowning learning progress within a region.

Global Presence

作为世界泳联与非洲泳联的官方供应商，迎晖体育为全球合作伙伴提供高品质的防溺水安全装备与水域应急救援解决方案。

我们的全系列防溺水设备，涵盖智能救生圈、飞行救援艇、飞行救生圈、EDD 应急救援装备及各类配套系统，满足亚洲、欧洲、美洲及其他地区公共水域、校园、文旅景区、水上作业单位与个人用户的多元需求。

凭借可靠的产品性能与专业的工程支持，我们持续拓展全球市场，将高品质、高性价比的防溺水安全方案带给世界各地的客户。

As an official supplier to World Aquatics and the African Aquatics Confederation, Yinghui Sports delivers high-quality anti-drowning safety equipment and water emergency rescue solutions to partners worldwide.

Our comprehensive range of anti-drowning solutions, including intelligent lifebuoys, flying rescue boats, flying lifebuoys, EDD emergency rescue devices and supporting systems, meets the diverse needs of public waters, schools, tourist attractions, water operation units and individual users across Asia, Europe, the Americas and beyond.

With reliable product performance and professional engineering support, we are expanding our global footprint, bringing high-quality, cost-effective anti-drowning safety solutions to customers around the world.
